Z.18015/27/2022-NHM-II(Pt-3)

Date: 30th May 2023

Dear colleagues,

Ensuring Quality of Care is one of the focus areas of the National Health Policy (NHP-2017). The ministry is committed to support the States / UTs in achieving the quality certification of public health facilities against the National Quality Assurance Standards (NQAS). Proposed targets for the States / UTs were communicated to the states vide DO. No.Z – 1805 / 26/2020 – NHM – II, dated 1st October, 2021.

2. It has been observed that the urban health facilities have been lagging behind in achieving the quality certification across all the states. For better understanding of challenges faced by the urban facilities and also arriving at possible solutions to such challenges, NSHRC is organizing a 2-day consultative workshop of states Q.A. Nodal Officers and Urban Health Nodal Officers on 6th and 7th June 2023.

3. You are requested to nominate State Nodal Officers for Quality and Urban Health to attend the workshop on 6th and 7th June 2023.

4. Nominated participants (up to 02 members from each state) may plan to reach New Delhi on 5th June 2023 evening. The proceedings for the workshop is expected to be completed by 3.30 PM on 7th June 2023 to enable the participant to travel back to the home locations on the same day.

5. Boarding & Lodging arrangement will be made by NHSRC for the workshop and would be intimated in due course.

6. Names of the participants & their travel plan may please be intimated to Mr. Ranjith. R. Menon (Email: ranjithrm@gmail.com, Mobile No: 9663396111)

with best wishes

Yours Sincerely,

(Vishal Chauhan)

To,

Mission Director (NHM) – All States/ UTs
