Letter no. NHSRC/20-21/QI/O1/Patient Safety

Date: 01 September 2023

To,

Mission Director – All States/UTs

Subject: Virtual meeting for inclusion of Patient Safety activities in Health Mela for observing World Patient Safety Day

Please refer AS&MD's letter no. NHSRC/20-21/QI/O1/Patient Safety-Part II in August 2023 regarding Observation of World Patient Safety Day on 17th September 2023. A copy of the letter is attached for reference.

This year's theme of the Patient Safety Day is “**Engaging Patients for Patient Safety**”. For undertaking activities commensurate with the theme, it has been planned to include patient safety as a theme in the Health Mela which will be organised in the week of 11th -17th September 2023. Also, Safety would be the focus area for field visit being undertaken by the health workers for care of patient on palliative care.

These activities require a confluence between the nodal officers of Community Process-Comprehensive Primary Healthcare and Quality Assurance for its implementation. In this direction, a virtual meeting is being called upon on 06th September 2023 at 12:00 noon to discuss implementation of patient safety activities during the Health Mela.

Therefore, Community Process - Comprehensive Primary Healthcare Nodal Officers and Quality Assurance Nodal Officers from all States/UTs are requested to join the meeting through the link given below:
