

INTERNAL ASSESSORS CUM SERVICE PROVIDERS TRAINING CHHATTISGARH REPORT

25th - 27th June 2024

VENUE: Mahendra Hotel, RAIPUR, CHHATTISGARH

Background

A Three days training “Internal Assessors cum Service Providers Training” was conducted in the State of Chhattisgarh by the National Health System Resource Centre in collaboration with the State’s National Health Mission from 25th – 27th June 2024.

The objective of the training was to train the nominated officials of the State for the implementation of the National Quality Assurance Program, by mentoring the facility quality teams as per the action plan defined by the State. This training aided participants with the tools, techniques, and support to health professionals to enable them to implement NQAS at a healthcare facility and thereby, take ownership of improving, sustaining, and creating a culture of quality care.

The State had nominated 70 participants for the training including RMNCHA Consultant, Medical Officers, DPHNOs, RMAs, District Consultants, Scientists, Hospital managers, Programme Officers, etc. The training constituted for Seventeen (17) topics with Seven (07) exercises and group work activities for hands-on experience in the application of certain quality tools.

The training was initiated with an inaugural address by Dr Gajendra Singh, UNICEF who threw light on the importance of Quality in Healthcare and the importance and need of this training.

A Post-training evaluation exam was also taken during the training. A post-training evaluation was an open-book exam with 42 multiple-choice questions, related to quality improvement and the NQAS framework. Out of a total of 70 participants, 64 participants (91.4%) cleared the post-evaluation exam and now will be certified master trainers of the NQAP.

QA training programs have an inbuilt training evaluation system, where a feedback form is provided to each participant. Feedback from the participants is analyzed on a 5-point Likert-scale. The overall rating of the training as per the analysis of the feedback from the participants was 4.31 on a 5-point Likert scale.

Risk Management and Prioritization Dr. Abhyuday S Tiwari , OSD, NHM	<p>Risk management was discussed during the session. This comprises identifying the risk, calculating the probability and likelihood that the risk will occur, determining how dangerous the risk may be, and then monitoring, controlling, and analyzing the risk.</p>
Documentation and Road map for NQAS Certification Dr. Ratan Shekhawat	<p>The session covered the documentation process to be undertaken at various public health facilities under Quality. It also covered the list of documents required for applying for an NQAS application and road map for NQAS Certification</p>

<p>Overview of LaQshya and MusQan Dr. Ratan Shekhawat</p>	<p>It covered the orientation of the LaQshya programme to improve intrapartum and immediate post-partum care around birth. Critical components envisaged under the LDR concept were discussed in detail along with the zoning in OT, the importance of respectful maternity care, and certification norms under LaQshya. It also included an overview of MusQan and SUMAN.</p>
<p>Process Mapping and Prescription Audit and Medical Audit</p>	<p>During this session, the participants were acquainted with the idea that a key component for understanding and improving patients' experience is ensuring that what is measured reflects. More emphasis was reflected on the whole idea that it is not about just collecting the PSS on a pre-defined attribute, but after the collection of responses, data should be analyzed to identify the lowest attributes and prepare an action plan for the closure of gaps identified during the survey. There could be more than one identified problem, the prioritization rule can be applied based on identified attributes and corrective and preventive action can be taken accordingly. The session was followed by an exercise to give a hands-on experience to the participants.</p>
<p>Overview of SaQsham and Gunak Dr. Neha Ninawae- NHSRC</p>	<p>The session provided an overview of using the Gunak App, a digital platform for filling out checklists. A step-by-step procedure for this process was discussed. Additionally, the session briefly covered the use and importance of SaQsham. It included instructions on how to register on SaQsham and how facility in-charges can upload documents to the SaQsham portal for review. Various links to SaQsham tutorial videos were also shared with the participants.</p>

Post-Training Evaluation	The Post training Evaluation of participants was undertaken at the end, based on which the qualified candidates shall be empaneled as the Internal Assessors under the NQAS.
