2nd-4th July 2025

Jammu

**Quality & Patient Safety Division
National Health System Resource Centre**

Background

A three day training “Internal Assessors cum Service Provider Training” was conducted in the State of Srinagar, Jammu & Kashmir by the National Health System Resource Centre in collaboration with the State’s National Health Mission from 2nd-4th July 2025.

The objective of the training was to train the nominated officials of the State for the implementation of the National Quality Assurance Program, by mentoring the facility quality teams as per the action plan defined by the State. This training aid participants with the tools, techniques and support to health professionals to enable them to implement NQAS at healthcare facilities and thereby, take ownership of improving, sustaining and creating a culture of quality of care.

The State had nominated 111 participants for the training including Medical Superintendents, BMO, Specialists, Medical Quality, Consultants, Hospital managers, Programme Officers, CMO etc. The training constituted fourteen (14) topics with five (07) exercises for hands-on experience in the application of certain quality tools.

The training was initiated with an inaugural keynote by Dr Harjeet, Nodal Officer, J&K during which the importance of Quality in Healthcare service delivery and the current status of the NQAS certifications in the State was discussed.

A Post-training evaluation were also taken during the training. Post-training evaluation was an open book exam with 42 multiple-choice questions, related to the quality improvement and the NQAS framework. Out of total 111 participants, 50 participants cleared the post-evaluation exam and now will be an empanelled internal assessors under the existing pool of NQAS.

QA training programs have an inbuilt training evaluation system, where a feedback form is provided to each participant. Feedback from the participants is analysed on a 5-point likert-scale. The overall rating of the training as per the analysis of the feedback from the participants was 4.7 in a 5-point Likert scale.
